

# Solon High School Science Olympiad

## **What is Science Olympiad?**

“A national, non-profit organization dedicated to improving the quality of K – 12 science education, increasing male, female and minority interest in science, creating a technologically-literate workforce, and providing recognition for outstanding achievement by both students and teachers.” – Science Olympiad, Inc.

## **What types of events are included in Science Olympiad?**

Fifteen person teams compete in 23 events focused on engineering, biology, chemistry, physics, computer science, math, and general inquiry skills. This year's events include Anatomy & Physiology, Chemistry Lab, Sounds of Music, Wright Stuff, Forensics, Fossils, Experimental Design, Ornithology, and Designer Genes.

## **How has Solon High School Science Olympiad performed?**

Solon High School Science Olympiad is one of the top teams in both Ohio and the nation. The team has won the state tournament six times and the national tournament three times in the past ten years. This past year, we placed first in Ohio and second at the 2019 National Tournament. Our team currently holds both the state and national records for best team score at the respective competitions.

## **Why do we need your help?**

Our goal is to provide students of all financial backgrounds the opportunity to explore their interests in STEM fields and successfully compete in Science Olympiad. Your support through donations, in-kind materials, and mentorships can help make this possible for our team.
